Support Software

Support Software CD: Compaq Computer Corporation now offers *Support Software CDs for Compaq Portables, Desktops, Workstations, and Server Products* available in compact disk along with support from the Compaq Worldwide Web (WWW) site (www.compaq.com). The Support Software CDs and WEB contain the latest device drivers, utilities, flashable ROM images and more and are categorized by operating system, family and model for easy retrieval.

The Support Software CD and WWW site benefit customers by:

- Easing the transition to new operating systems or OS revisions
- By increasing PC performance, compatibility, and reliability.

The *Support Software CD Products* can be purchased either as a single CD-ROM, providing one-time as-needed access to the current support software, or as an annual subscription that delivers up to twelve monthly CD-ROMs, providing continuous, proactive access to the latest developments.

To order the *Support Software CD Products*, contact an Authorized Compaq Reseller, or call the Compaq Order Center at 1-800-952-7689.
