| System Boards               | Assembly   | Spare Part | System              |
|-----------------------------|------------|------------|---------------------|
| Board w/o Processor         | 007602-101 | 306425-001 | Date XXX7 or before |
| Board w/o Processor         | 008074-101 | 288507-001 | Date XXX8 or later  |
| Board w/o Processor, Brazil | 007602-201 | 306425-201 | Date XXX7 or before |
| New PCA, Brazil             | 008074-201 | 288507-201 | Date XXX8 or later  |

Note: To avoid injury from electric shock and/or hot surfaces and to prevent damage to the system board and/or interface boards (such as NICs, video controllers, and memory), unplug the AC power cord from the wall outlet and allow the internal components of the PC to cool before servicing the unit.

Configuration Jumper, System Board (007602-001, 008074-101)

| Jumper | Function            | Setting | Description                       |
|--------|---------------------|---------|-----------------------------------|
| P14    | Battery; Clear CMOS | 1 – 2   | Internal Battery Jumper (Default) |
|        |                     | 2 – 3   | Clear CMOS*                       |
|        |                     | 9 – 12  | External Battery Header**         |

\* A/C must also be removed.

\*\* Connecting the external battery automatically disconnects the internal battery.

SW1, Speed Settings, System Board (007602-001, 008074-101)

| BUS Proc. Speed | S1 | S2  | S3  | S4  | S5 | S6 |
|-----------------|----|-----|-----|-----|----|----|
| 166 MHz         | *  | ON  | ON  | OFF | ON | ** |
| 200 MHz         | *  | OFF | ON  | OFF | ON | ** |
| 233 MHz         | *  | OFF | OFF | OFF | ON | ** |

\* S1 = Power-On Password Feature. ON = Disable: OFF = Enable.

Default is OFF/Enabled.

\*\* S6 = A/C ON Feature. ON = Enable: OFF = Disable.

Default is OFF/Disabled.

| CONFIGURATION CODE TABLE |          |                      |         |
|--------------------------|----------|----------------------|---------|
| Configuration Code       | Assembly | System Bd Spare Part | System  |
| BQ22 – BQ23              | *        | *                    | 5200MMX |
| BQZ2 – BQZ3              | *        | *                    | 5166MMX |
| BSS2 – BSS3              | *        | *                    | 5233MMX |

\* See System Boards Table above to order the correct system board.

| Microprocessors           | Spare Part | System   |
|---------------------------|------------|----------|
| 586, 166/66               | 288460-001 | P55C/166 |
| 586, 200/66               | 288459-001 | P55C/200 |
| 586, 233/66               | 286258-001 | P55C/233 |
| Heat Sink w/ Clip and Pad | 288473-001 | All      |
